**Three Hills Wireline Truck Inventory August 22, 2017**

**Main Tool Cabinet:**

2" X running tool  
2 ½" X running tool  
2" inside wire grab  
2 ½" inside wire grab  
2" J unlatching tool  
2 ½" J unlatching tool  
1.85" swaging tool  
2" tubing end locator  
¾" JUC overshot  
1" JUC overshot  
1.25" JUC overshot  
2" wax knife (wireline style)  
2" tubing/nipple brush  
2"/2 ½" ring style wax knife/gauge ring  
2 ½" Otis shifting tool  
2" Otis shifting tool  
1.75" Otis shifting tool  
1.25 GS pulling tool  
2" GS pulling tool  
2 ½" GS pulling tool  
1.25" gauge ring  
1.75" gauge ring  
1.75" swab mandrel (2)  
1.5" swab mandrel  
2 ½" SB overshot  
2 ½" JDC overshot  
1.75" impression block (2)

2" baker plug running tool (2)w/ rings

2" SB overshoot

2" Bowen positive grab overshoot

.75" ropesocket

**Vise Cabinet:**

Assorted steel brass and aluminum shear pin

Assorted punches and open end wrenches

1.5" threaded stem subs (3)

Pliers, vise grips, wireline cutters

Wireline clamp (1)

**Lubricator and Toolstring:**

5' x 1.5" sinker bar (3) w 5/8" pin and box

3' x 1.5" sinker bar (1) w 5/8" pin and box

1.5" spang jars (2) 1 short stroke, 1 long stroke

Lee hydraulic jars (1) 1.5"

5 x 1.25" sinker bar (2)

1.25" spang jar (1)

Hydrostatic bailer 1.62" x 5' w 1.62" shoe (2)

1.62" x 3' bailer extension sub

2 7/8" x 10' lubricator w/ Bowen unions (2)

**Swage/BOP compartment:**

2" LP Bowen union swage

2 3/8" EUE Bowen union swage

2 7/8" Bowen union swage

1.906" long gauge ring

Equalizing shear prong

3" Bowen flow sub (2" and 1/2" ports)

3" Bowen stuffing box

4" x 3" Bowen swage

1.5" drop cutter bar

**Operating Compartment:**

2" Otis PX plug complete

2" Baker FSG plug complete

2" broaching tool (new)

2" CW hookwall plug (no element)

2" RB overshot skirt

2" outside wireline grab

.75" JUC overshot

Type A positive grab fishing tool

2" Baker shifting tool collet

2 ½" Baker shifting tool collet

2" baker choke sub

0.5" Otis RB overshot

0.5" J unlatching tool

1 3/16" JDC skirt and core spring

2 ½" Bowen positive grab outer sleeve

2" and 2 ½" Otis overshot skirts (3)

2" A Probe

2 ½" A probe

2" B probe

2 ½" B probe

Assorted ¼" and ½" pressure gauges

2 O ring kits (partially full)

Hookwall plug latch assemblies (2)

2" G packoff plug parts (2 complete plugs)

2 ½" G packoff plug parts (1.5 plugs)

2.343" long gauge ring

- 2 7/8" positive grab sub
- 2" Baker G bottoms (3)
- 2 1/2" Baker G bottom (2)
- Assorted Baker 2" and 2 1/2" plug latch assemblies (18)
- Baker plug prongs (7)
- Assorted F stops (6)
- Recorder holdowns (4)
- Holdown dogs 2" and 2 1/2"
- Baker plug parts – assorted
- 1 3/16" J heads (4)
- 2" Baker shifting tool
- 2 1/2" Baker shifting tool
- 2" CB hookwall plug (toolbox)
- 2" x 2 1/2" mechanical perforator (red toolbox)

**From Picker Deck:**

- 8' x 2 7/8" lubricator w/Bowen unions (6)
- 6' x 2 7/8" lubricator w/Bowen unions (2)
- 4' x 2 7/8" lubricator w/Bowen unions (1)
- 6' x 2 3/8" lubricator w/Bowen unions (4)
- 4" pup joint w/3" taper w/Bowen unions

**Shop Bench:**

- 2" JDC overshots (2)
- 2" Z Baker Z locks (2)
- 2 3/8" pup joints w/Bowen unions

1- 3.66" SB overshoot w/3/4" pin  
1-3" GS pulling tool  
1- 3.66" SB skirt w/ 4 dogs  
1- 2.87" impression block  
1- 3.66" bell threaded to 2" JDC skirt  
1- 1.75" magnet w/ 5/8" pin  
1- 2.8" JDC overshoot w/ 5/8" pin  
1- 2.33" Bowen positive grab overshoot w/ 5/8"  
pin  
1- 2.25" impression block  
1- 3" Otis dog release tool  
2- rig brushes  
2- pails varsol  
2- spray cans red paint  
1- 3"/4" cored pulling tool  
1 sleeve teflon tape  
1- 2" hydrostatic bailer  
1- 1 1/2" long stroke hydraulic jars
