

TECHNICAL DATA SHEET

HD-450L100P23

Rev TZ-18.001

CeTeau High Pressure waterpump unit, compact integrated cold water high pressure cleaner combined with a water-reservoir in a sturdy frame.

Ideal for demanding cleaning tasks under extreme conditions: the CeTeau HD-450L100P23. The cold water high pressure cleaner with a reliable Yanmar Diesel engine functions as a full stand alone unit with its internal water reservoir of 450 liter. The pump generates a impressive water pressure of 230 bar, ready for the most harsh tasks. The ergonomic robust frame guarantee maximum protection and mobility. The pump is protected by a build in water filter and a additional strainer and protected against overheating by a thermostatic valve.

The HD-450L100P23 equips with a multitude of lifting options by crane or forks.

Features and Benefits

- ▶ High pressure output
- ▶ Reliable Yanmar Engine
- ▶ High quality Karcher pump
- ▶ Electrical start
- ▶ Built in The Netherlands under CE
- ▶ Built from high grade steel
- ▶ Multiple lifting options
- ▶ Stackable
- ▶ Stand alone unit
