

LIEBHERR-WERK EHINGEN GMBH
D-89582 Echingen Postfach 1361

EU Conformity Declaration

We hereby declare that the truck crane

Type:	LTM 1055-3.1
Vehicle-identification number (undercarriage no.):	W093735006EL05779
Works no.:	056013
Built:	2006
Installed output:	248 KW / 1400 U/min
Measured L_{WA} :	109 dB
Guaranteed L_{WA} :	111 dB

complies with the following EC-guidelines :

EC-machine guidelines 98/37/EG

89/336/EWG Electromagnetic compatibility

**2000/14/EG Modification Noise emission, evaluation method In accordance
with appendix VIII, Name of the recognized authorities:**

TÜV Immissionsschutz und Energiesysteme GmbH, D-51105 Köln

The crane was constructed according to the following standards and technical regulations:

* DIN EN 13000	Crane – mobile crane
* DIN 15 018-3	Calculation mobile cranes
* DIN 15 019-2/ISO 4305	Stability of mobile cranes
* DIN 15 020-1	Principles for cable drives
* DIN 15 400	Load hooks for lifting tackle
* BGV D6	Accident prevention regulations / cranes
* ISO 4301	Classification of cranes
* ISO 4308	Selection of cables
* ISO 4310	Testing of cranes
* ISO 8087	Dimensions of drums and cables
* 97/68 EG	European exhaust emissions regulation
* DIN EN 61000-6-4	EMV – Interference
* DIN EN 61000-6-2	EMV – Interference standard

Technical documentation according to addendum V of the EU machine guidelines is available.

The completed factory inspection showed no defects.

Echingen, January 26, 2006
